BRYAN, TEXAS, APRIL 19, 1909.

NOTICE TO ADVERTISERS.

Advertisers will please take notice that to insure the appearance of their ads on the day the copy is brought in, copy for Daily ads, both new and changes, must reach the office not later than 10 o'clock a. m. on the day the ads are to appear. Copy for ads in the Weekly must reach the office by Tuesday afternoon, not later than 5:30.

All notices of church services, and all other notices, must be in the office by 12 o'clock of the day they are to appear.

It is our purpose to make the Eagle prompt to the minute and to this it is necessary to have fixed rules. Our friends and patrons will aid us greatly by complying with the above.

THE EAGLE PRINTING CO.

NEW MOVE OF KANSAS NATIONAL BANKS.

The national bankers of Kansas, finding that they cannot compete with the state banks in which deposits are secured by the state law, are organizing a mutual insurance company of their own. In other words, they are doing by voluntary agreement what the new Kansas law requires the state banks to do. Commenting on this plan the Topeka Mail and Breeze says:

We see no objection to the insurance company plan and hope that the company will be organized. It will make the depositors feel safer and help to swell the sum total of deposits. However, we cannot understand how the national bankers who argued with such vehemence against a mild mutual guaranty law such as Kansas now has, can defend the mutual insurance company idea. The foundation principle of both plans is exactly the same. If the limited state guaranty law is an encouragement to reckless banking so is the mutual deposit insurance company.

If under the state law which may at the worst require banks to pay into the guaranty fund one-fourth of one per cent of average deposits in a year, is making the careful and honest banker stand good for the recklessness and dishonesty of other bankers so will the insurance company plan. Our opinion is that the insurance company plan will be more expensive for the bankers than the state guaranty plan and in the end will be less satisfactory.

The fact is that the Kansas law

affords a very cheap insurance for the banks and unless we are badly mistaken they will make money by going in. Of course under the ruling of the attorney general of the United States and of the comptroller of the currency the national banks of Kansas could not get in under the state law if they wanted it, but they have made such a roar about the vicious principle of a guaranty law that we wonder just how they will defend their insurance company.

WATERS PIERCE MONEY UNDER HEAVY GUARD.

Special to the Eagle.
Paris, April 19.—Under a heavy guard the Wells-Fargo Express company carried through Paris late yesterday the shipment of money from the Waters Pierce Oil company to pay the big fine to the State of Texas. The shipment contained nearly \$2,500,000 in currency, chiefly in bills of ten thousand dollar denominations, with smaller bills to make up the rest of the amount due. The local managers met the train and guarded it while here.

SUNDAY SCHOOL PICNIC.

The annual picnic of the Methodist Sunday school will be given on Wednesday, April 21 on Carter's Creek in Mr. H. P. Dansby's pasture, 4 miles east of town. This is the same place we went to last year, and is an ideal location. The officers and teachers of the Sunday school will constitute a committee for the entertainment of the children and the ladies a basket committee. E. J. Jenkins is chairman of the transportation committee and any one having a wagon or horse to offer will kindly notify him. The wagons will leave the Methodist church at 9 o'clock and free transportation will be furnished for all. The Sunday school scholars and their friends are all invited to come out and enjoy a day in the woods.

K. P. LODGE ORGANIZED.

A large number of the members of Bryan Lodge Knights of Pythias went to Mudville today and instituted a lodge at that place. The newly created lodge was named Nacona Lodge No. 498 and starts out with 22 charter members. The Bryan Knights who went out were royally entertained by the people of Mudville.

GONE HUNTING.

A hunting party composed of W. B. Saunders, Jack Gordon, M. B. Parker, W. J. Coulter, Osborne Johnson and Carl Cole left Saturday night for Cleveland in Liberty county. They will camp on a big lake near Cleveland and spend a week or longer hunting and fishing. They carried along cooks, porters and a complete camping outfit.

BRYAN DEFEATED HEARNE.

The Bryan junior baseball team and the Juniors of Hearne, played a game at Parsons park in this city Saturday afternoon. Both teams played good ball but the victory went to the home team by a score of 13 to 6. Some days ago these teams played two games in Hearne and the Hearne team won the victory in both.

News was received here last night of the very serious illness of Mrs. E. H. Baker in Palestine. Her mother, Mrs. Dave Mize, left by the midnight train last night for her bedside. Her sister, Mrs. P. Buford of Houston, joined Mrs. Mize here. The Eagle learns that she had been ill for some days, but was taken worse yesterday. Later—Mrs. Baker died this afternoon at 4 o'clock and the remains will be brought here tonight. The funeral will occur tomorrow.

ORGANIZED A TEAM.

The members of the Bryan Athletic association have organized a baseball club with the following members: Bob Mawhinney, Joe Howard, John Vesmlowsky, Earl Dodson, Hudson Myers, Marshall Bullock, Joe Hamilton, Charley Stephen, Lonnie Grice and Edgar Buchanan, Joe Wolton, captain and Will Boehme, manager. The boys announce they will play any team in Bryan for the championship after May 1st.

CONGRESSMAN HARDY GOT BLOOD.

(continued from page one.)
countervailing duty, and expressed himself as opposed to duty of any kind on petroleum or its products.

"I come from an oil-producing district, myself and I am personally interested in the production of oil, and still I plead for the free importation of this necessity of life. We are all at the mercy of Standard Oil, anyhow, independent producer, refiner and consumer. We producers and refiners can not be in any worse fix than we are, tariff or no tariff. That is not the way in which we can expect relief. But the consumer, that vast army of the people, may reap some benefit if we put refined oil on the free list, and I am in favor of that."

The Payne bill, Mr. Hardy continued, was as hard to pull out of the Republican party as a healthy tooth from a sick man. The reductions in it he characterized as empty pretexts and shams.

"In fact," he declared, "this whole bill is one huge Mephistophelian joker on its face." He declared that the measure as an entirety was revision upward and not downward, and insisted that the coarsest and cheapest articles for the poor were still the most heavily taxed.—New York American.

INTERSCHOLASTIC TRACK MEET.

Many Texas Teams Will Contest at Austin Early in May.

The State Interscholastic Track Meet will be held at the state university early in May and it gives promise of being one of the greatest events of the kind that has ever been held in the state.

Allen Academy will be represented with a strong team, and the friends of the Academy confidently expect the state trophy to be brought back to Bryan this year. The Academy has won the state trophy every year for the past several years until last year when she lost to Carlisle Military Academy of Arlington.

Relative to the Academy team the following is taken from the Houston Post:

"Everet McAshan of Houston, who is attending the Allen academy, was in the city the first of the week on a short visit, returning Tuesday morning to Bryan. McAshan is very enthusiastic over the outlook for his school, and predicts the largest meet this year ever held in the State, colleges and universities not excepted.

Among other students on the Allen academy track team from Houston are George Peele and Sherrod Wilson, both of whom figured prominently at the meet last year in the weight and speed events, respectively. McAshan is a hammer and discus thrower and shot-putter, and has smashed all his last year's records.

Allen Academy now boasts of the best pole vaulter south of the big Northern and Eastern universities in Meredith James, who in the recent field day exercises cleared the bar at 10 feet 11 inches. A few days before field day James vaulted 11 feet, but in view of the fact that the record was made in practice, it cannot be considered. James is only about eighteen years old, and is a creditable high jumper and sprinter as well. It is reported that Allen academy has a man this year who can run the 100-yard dashes in 16 seconds with good men in all the other events. The Marshall Training school, on the other hand, is said to be especially strong in both 50 and 100-yard dashes as well as the high jump. The meet for schools of the high school class is a new feature and is calculated to command ready popularity."

In trousers from \$3.50 to \$8.00, we show a big variety of handsome patterns in cassimeres and worsteds; all high class custom tailored and perfect fitting. Brandon & Lawrence.
